

### LIVE THE SINGAPORE DREAM

A musical-inspired comedy on the lives and dreams of 3 teenagers. This theatre connects to the students by addressing peer pressure, self-realisation and the journey to pursue one's conviction.

### TRASH TOWN

In a world consumed by years of environmental abuse and negligence, what can we do to save our earth? This show raises various issue such as climate change, waste recycling, energy conservation, and awakens our consciousness and responsibility towards our global sustainability.

### My Cyber World

We live in the time where physical classroom can be replaced by Zoom; online games have taken over physical sports or a walk in the park; social media is the most efficient way to keep in touch with a friend. How do we find a healthy balance between the digital and real world? What can we do to remain cyber safe?

### You can dance if You want to

A Latin dancer misplaced her dance costume; a B-boy brought the wrong soundtrack for his dance item; a contemporary dancer sprained her ankle just before the competition. As the saying goes, "The show must go on". These dancers when being confronted with difficult and challenging situation, tackled their competition hiccups with creativity and courage.

### A Peek into the dancer's life

Meet 3 young dancers from Singapore - a Ballerina, a B-boy and a Latin Dancer, as they share their challenges and obstacles as they pursue their passion, and how they overcome them.

### Dance of the World

We bring you the fascinating world of dance across countries and cultures. These dances are known for their unique technique and beauty -Irish Dance, Korean Traditional, Paso Doble and Jive. Get ready to be enticed by these professional dancers, as they perform and tell the history and culture of their dance, with demonstration to teach you a few basic steps.

## Hip Hop

An extremely energetic and popular dance style for our youth, Hip Hop comprises a wide range of techniques such as breaking, locking, and popping, just to name a few. This programme provides students with an introductory basic skills and exposure to the amazing world of Hip Hop and Street Dancing

## Contemporary /Modern Dance

Contemporary dance is the exploration of the total movement potential of the body. It derives its techniques from both classical and modern dance, either updating or distorting them, resulting in a hybrid form derived from literature, architecture, visual arts, circus and other artistic disciplines.

## Creative Movement

Stimulate creativity through the exploration of space, movement and body awareness. This programme provides the tools to express ourselves confidently and to collaborate through teamwork with our peers.

## S.T.A.R

SOCIAL ETIQUETTE. TEAMWORK. AWARENESS. RESPECT

**Ballroom dancing** - educating our next generation through graceful moves

S.T.A.R is a specially curated dance programme with the emphasis of teaching social etiquette, social awareness and respect for peers of the opposite gender. This safe and refreshing take on dance education has been tried and tested with our collaboration partner, Dancer's Dream Studio who has been running this dance syllabus with more than 500 young children from age 3 to 16 years old. Ballroom dancing is the future of dance education for our young ladies and gentlemen.
