## Discussion #1

In the performance, 4 genres of dance were being introduced, namely Irish Dance (Ireland), Paso Doble (France), Korean Traditional Dance (South Korea) and Jive (USA).

- ◆ Can you share your impression of the 4 different dances?
- ◆ What are the differences and uniqueness of each dance form?
- ◆ Which of the dance forms is your favourite and why?

## Discussion #2

“Dance informs us about history, social and cultural practices of the world. Through Dance, we can learn, appreciate and respect the culture of its origin.”

*E.g. The Irish Dance minimises arms movement as it was perceived to be more etiquette to hold one's hands to oneself, instead of making big gestural movement with the arms.*

- ◆ Can you recall any other example in the performance which teaches us about another culture?

## Discussion #3

Dance is not the only art form which teaches and exposes us to the world. The world of arts is vastly extensive, from dance, theatre, music, writing, design to visual arts.

Beyond learning of cultures, arts provide us with an outlet to express ourselves, our thoughts and feelings.

- ◆ Are you interested in learning any art form?
- ◆ If yes, what form of arts would you like to pursue?
- ◆ If no, what other activity would be interesting to you?
